Science and Technology

- How our body works
- The human skeleton
- The digestive system
- The cardiovascular system
- The respiratory system
- Famous scientists
- Designing a time machine
- Inventing the next-generation computer on Tinkercad

I would like to travel to the 80's to see what the clothes were like.

I want to go to Stonehenge to find out how the stones got there.

I want to go to the 80's to learn about the music.

I want to see how the Wrights brothers made planes.

I want to go to America to visit the Maimi Museum.

I want to see the dinosaurs to find out how big they were.

If you were a time traveller,

- **Where would you choose to go?**
- **Which time period would you want to visit?**
- **What would you hope to discover?**

I want to go to Australia to explore the other side of the world.

I would go to Egypt to see the pyramids and find out what language they speak.

I want to go to the Stone Age to meet the cavemen.

I want to go to see Big Ben being built.

I want to see the oldest games console.

I want to know what it was like when my great gran was born.

I want to go to the Victorian times to see what they had then.
